GREETINGS

Knights,
This November the course of our country will be decided for many years to come.

This election has been very polarizing, perhaps more so than any election in recent memory. Exercise

the rights afforded you as Americans and vote.

And just as importantly, after the election, whatever the outcome, let us work together to help bridge the divides and support OUR country and the elected President.

Remember this Veterans Day that many died so that we could have the right to democratically and peacefully choose our leaders.

Peace Be With You,
GK, Ted Kapera
